

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. DUFE, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghams, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

range 20, to intersect with the Ocala and McIntosh road where same crosses Florida Southern R. R., between Lowell and Martin, was read, and, on motion, laid over until next meeting.

After consideration it was ordered that Jno. L. Carney be paid \$50 for material used in building the Ocala and Silver Springs road.

Petition to establish a free ferry at Starke's ferry and appoint C. F. Waterman ferryman was, on motion, refused. The board will, upon application, grant a charter for a chartered ferry at that point.

Petitions to make the Eureka and Grahamville ferries free were presented, and, after consideration, were, on motion, refused.

Commissioner Morgan was authorized to purchase rope for Moss bluff ferry, also to have road or approaches thereto repaired.

The board adjourned until Tuesday.

TUESDAY.

Board met. All members present. Upon application of committee from Ocala Lodge No. 19, K. of P., the court house was tendered for public reception to the Grand Lodge K. of P., on March 13, 1901.

The Henning Land and Investment Co., through R. B. Bullock, attorney, and J. E. Charles, agent, appeared before the board and asked that the board recommend to the comptroller to allow said company to redeem their lands sold to the state December 7, 1896, for unpaid taxes of 1895, by payment of the amounts expressed in the face of the certificates, with interest as required by law, and to accept payment of taxes for the years 1897-98-99 at a valuation of \$10,000 instead of \$32,000, as assessed for 1895. After consideration, it was ordered that if the company would redeem all their lands in this county upon which the state now holds tax certificates for 1895 taxes that the comptroller be recommended to allow said company to pay the taxes of 1897-98-99 at the rate of 60 cents per acre.

It was, on motion, ordered that the salary of B. I. Freymouth as superintendent of the poor farm be continued at \$35 per month, until January 1, 1902.

The following bonds were approved: J. H. Livingston, notary public; Robert Fort, road overseer; J. D. Ferguson, notary public; J. L. Miller, constable, district No. 30; G. W. Miller, notary public.

It was ordered that the salary of the janitor be fixed at \$15 per month and that he be required to give all his time instead of half of each day as heretofore.

J. R. Martin, on behalf of the city of Ocala, presented statement and bill for \$813.70, being amount due city of Ocala for one-half the road taxes collected for the year 1896 in the city of Ocala; payment of which was refused on the ground that the money was lost through the shortage of the then tax collector.

The offer of the city of Ocala to furnish lot and sewerage for a public water closet if the county would build same, was, after consideration, declined.

The agreement of Munroe & Chambliss to cash all warrants drawn on the county proper, road and fine and forfeiture funds to the amount of \$6000, same to draw interest at 8 per cent. per annum from date of issue until paid, was, on motion, accepted.

A resolution was adopted instructing the clerk to publish for sixty days the intention of the board to make a levy of 40 cents on \$100 worth of property for the purpose of road improvements, camp outfits, stockades, etc., necessary for working convicts on the public roads, at the regular meeting in July.

A resolution was adopted directing the clerk to advertise, according to law, the intention of this board to apply to the next legislature for the passage of a bill authorizing Marion county, either alone or in connection with adjoining counties that may be interested, to construct a bridge at or near Stokes' ferry on the Withlacoochee river, and at or near Starke's ferry on the Ocklawaha river, and at such other points as may be deemed necessary.

On motion it was ordered that warrant on road fund for \$3000, fine and forfeiture fund \$1500, and county proper fund \$1500, be drawn, payable to Munroe & Chambliss, to become due in six months, with interest at 7 per cent. per annum, and delivered to them in exchange for warrants now held by them on said funds for like warrants, to be surrendered by them for cancellation.

ham, J. W. Pearson and J. M. Barksdale.

The clerk submitted financial statement as follows:

In compliance with a recent resolution of the board, I herewith submit the following, which shows warrants outstanding on February 4, including those issued on that day:

County proper fund, \$5790.11, fine and forfeiture fund, \$3411.69; road fund, \$8365.75; building fund, .65; total outstanding \$17,568.22.

The board then adjourned until the next regular meeting.

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder, from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts affected and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain.
